

# Commission Process + Pricing

Original Art by Laura Dunn

***I'm so excited to create something custom for your space!*** I want to get as much information from you as possible so I can get a good start on your piece and ensure the process is as smooth as possible.

- What size and orientation do you want it to be? I am happy to make a recommendation once we go through this process, but this can also be dictated by cost and location of the piece.
- Do you have a location for this piece in mind?  
If so please attach as many pictures as you think needed.
- Do you have certain colors/ fabrics you want to work from? A souvenir from a trip. The drapery or pillows that you splurged on. Your grandmother's favorite color. ANYTHING can inspire art. Don't just stick to interior decor. Do what feels right to you. Gather up some images and either email them or send them in a shareable file like dropbox or google drive.
- What of my past work do you want to reference for your piece? Magnolia's, Abstract with deconstructed botanicals, floral arrangements be as specific as you'd like!
- Tell me what colors you do NOT want in your piece. Almost as important as telling me what you love is telling me what you don't love.
- Finally when do you want this piece delivered? Often my commission schedule will dictate when I can complete a work, but I'll try to meet any hard deadlines for a client, like a big party you are hosting or a holiday gift you want to give.

I want us to work together to dig deep and really discover what you love and are excited about. It makes the creation process so much richer, meaningful and specific to YOU! Please feel free to be as specific as you would like!

**Now that we have all of this information pulled together....**

- Once we are ready to get this going you will send a non refundable deposit of \$100 which will count towards the final price of the piece.

**Now I get to work!**

- Within 14 days of signing the agreement and receiving your deposit I will have work to propose.
- You can make up to 4 changes to my proposal. I want you to give honest feedback! Colors, composition and marks can be altered. At this point the subject matter will already be nailed down.
- Once we agree on those changes I'll get back to work and then I will send images of the proposed final work.
- At the point of approval you will submit payment for 50% off the total price of the work.
  
- As I work through your piece I will send images of the work as it is in progress.
- I will ask for your feedback and will communicate what changes can be made along the way.
- I will submit images of the finished work for your approval.
- Once it is approved, and packed up I will submit an invoice for final payment. 50% off total cost, less \$100 deposit plus shipping and insurance costs.

My goal is to make this as fun and as transparent a process as possible. A commission is a conversation between myself and the collector. **Let's Make Something Beautiful!**
